WORK EXPERIENCE

Cubic Co, Orlando, FL — *Associate Web Developer*

September 2020 - Current

Agile workflow. Worked in the web team of an ecosystem of many people providing solutions to a big project in delivery orders. Building HMIs with inhouse framework using TypeScript. Assisted in what was needed such as QA, regression testing, writing documentation, and debugging.

Managed Web, LLC, West Palm Beach, FL — *Work Assistant*

January 2020 - July 2020

Maintained Wordpress sites, wrote Python script to scrape web data, explored Zoho CMS software, and project management for website development.

Dr. Robert Law Internal Medicine, Orlando, FL — *Data Scribe*

2013 - 2016

Part time. Read and input patients' charts as ICD code. Minor tech troubleshooting, scanning, printing, shredding.

EDUCATION

University of Central Florida, Orlando, FL

Bachelor of Arts: Web Design

Class of Fall 2018

GPA: 3.65

PROJECTS

ODev 2020 Hackathon — *Unity Game*

Assisted in game design, mechanics, and asset creation.

CodingLog in NodeJS — *Website*

Designed and coded web app to track coding time and goals in Node.js.
